

MOBILE SERVICE

Mobile wheel set changing

Our services in the field of mobile wheel set changing include amongst others:

- Damage recording at the vehicle including wheel set measurement
- Coordination of required services together with the customer
- Application for necessary permissions and approvals
- Organization of the complete wheel set transport on demand
- Wheel set pool with over 300 immediately available wheel sets
- Organization of mobile crane services including driving permission
- Mobile lifting system
- Documentation after and during the wheel set changing
- Brake testing after completion of wheel set changing with C and T pressure measurement on the basis of TSO, VPI or DB regulations

Your benefits:

- High availability of waggons
- Low waggon downtimes
- Reduction of required reserve waggons by on-site wheel set changing
- Refurbishment of wheel sets and wheel set changing from one source
