

MODIFICATION AND RE-DESIGN

Modernisation of double-decker coaches

Safe and punctual trains and a high degree of comfort are two aspects that are crucial to your customers' sa-

tisfaction – and our tailored solutions for the modernisation of your double-decker coaches provide a basis for this.

Our range of services include:

- Conversion and re-design of vehicles
- Static adjustment of railcar bodies and running gears
- Assembly of all types of interior fitting
- Brake system configuration
- Installation of video surveillance and vehicle diagnostic systems
- Installation of passenger counting systems and customer information services

For more information please contact our sales team.

RailMaint GmbH is leading in the field of maintaining and refurbishing rolling stock of the freight and passenger traffic sector. Our maintenance services, products and Mobile Services sustainably strengthen the availability, reliability and durability of our customers' rolling stock.
